Who We Are

At **Skillmasters**, we are redefining talent identification through an objective, standardized approach to player evaluation. By moving beyond subjective observation, we provide athletes with a data-driven blueprint of their game - including deep insights into technical strengths, specific areas for growth, and global age-based rankings.

Our platform creates a unified language for development, empowering players, coaches, and families to:

- Monitor Progress: Seamlessly track technical evolution and development over time.
- Target Growth: Gain clarity on exactly which skills require immediate focus.
- Benchmark Excellence: See how a player truly compares within a global pool of peers.

By bridging the gap between raw potential and measurable performance, we ensure that every player knows exactly where they stand and what it takes to get to the next level.

Club Partners:

Understanding Your Team Event Results

What is This Report?

The Skillmasters Team Event Results packet summarizes athletic and technical assessment results for players on this team. It includes event-level insights, position group comparisons, and individual player profiles benchmarked against players of the same age group.

What is a Percentile?

Color	Range	Meaning
Green	75%+	Strong Performance
Yellow	50-75%	Good, Room to Develop
Orange	25-50%	Needs Attention
Red	0-25%	Priority Focus Area

The “Global Rank” on a player’s profile represents a percentile score. It shows the percentage of players in the same age and gender group — across all countries we’ve tested — that they perform better than.

Important note: timed drills work inversely — a lower number of seconds is faster and a better percentile. Don’t be alarmed if a smaller time has a high rank.

Understanding Your Team Event Results

What Do We Measure?

Metric	Assessment	Description
Zigzag ZZ	Zigzag	Measures change of direction without the ball. Key for defending, pressing, and quick movement in tight spaces.
Arrowhead Ah	Arrowhead	Measures multi-directional speed and body control. Reflects how well a player moves through sharper, game-like angles.
Arrowhead Dribbling AhD	Arrowhead Dribbling	Measures ball control through open-field direction changes. Shows how well a player carries the ball at speed through dynamic movement.
Open Field Differential OFD	Arrowhead Dribbling	Compares dribbling vs. non-dribbling arrowhead speed. Shows how much speed is retained when carrying the ball in open space.
Passing Pass	Passing	Measures speed and control when receiving and distributing. Highlights first touch, accuracy, and rhythm in possession.
Broad Jump BJmp	Broad Jump	Measures lower-body explosive power. Impacts sprinting, jumping, and overall athletic performance.
Zigzag Dribbling ZZD	Zigzag Dribbling	Measures directional speed while controlling the ball. Combines agility with technical dribbling ability.
Small Space Differential SSD	Zigzag Dribbling	Compares dribbling vs. non-dribbling zigzag speed. Shows how much speed is retained when dribbling in tight spaces.
20 Meter 20M	Sprint 20m	Measures top-end sprint speed over 20 meters. Important for breakaways, recovery runs, and winning foot races.
10 Meter 10M	Sprint 20m	Measures acceleration over the first 10 meters. Shows how quickly a player can explode and create separation.
Peak Velocity PV	Sprint 20m	Captures maximum sprinting speed. Reflects top-end pace in open-field situations.

What is This Report?

The Skillmasters Player Profile is a comprehensive athletic and technical assessment carried out by trained evaluators. It measures three scored categories — Speed, Agility, and Ball Control — with each result benchmarked against players of the same age group.

Tests were recorded on Jan 1, 2026.

What is a Percentile?

Color	Range	Meaning
Green	75%+	Strong Performance
Yellow	50-75%	Good, Room to Develop
Orange	25-50%	Needs Attention
Red	0-25%	Priority Focus Area

The "Global Rank" on a player's profile represents a percentile score. It shows the percentage of players in the same age and gender group — across all countries we've tested — that they perform better than.

Important note: timed drills work inversely — a lower number of seconds is faster and a better percentile. Don't be alarmed if a smaller time has a high rank.

What is This Report?

The Skillmasters Player Profile is a comprehensive athletic and technical assessment carried out by trained evaluators. It measures three scored categories — Speed, Agility, and Ball Control — with each result benchmarked against players of the same age group.

Victor's position is **Left Back**. Tests were recorded on **Jan 1, 2026**.

What is a Percentile?

Color	Range	Meaning
Green	75%+	Strong Performance
Yellow	50-75%	Good, Room to Develop
Orange	25-50%	Needs Attention
Red	0-25%	Priority Focus Area

The "Global Rank" on a player's profile represents a percentile score. It shows the percentage of players in the same age and gender group — across all countries we've tested — that they perform better than.

Important note: timed drills work inversely — a lower number of seconds is faster and a better percentile. Don't be alarmed if a smaller time has a high rank.

Left Back: What This Position Demands

Understanding what Victor's position requires is the essential starting point for reading this report. The scores below are not just numbers — each one has a direct connection to Victor's performance on the pitch in their specific role.

Key Game Demands	Key Attributes	Tested Metrics
Overlaps, recovery runs	Top Speed	Peak Velocity, 20 Meter, and Arrowhead
Closing wingers, attacking bursts	Acceleration	10 Meter, Broad Jump, and Zigzag
1v1 defending wide	Change of Direction (Short)	Zigzag, Zigzag Dribbling, and 10 Meter
Recovery runs, tracking	Change of Direction (Space)	Arrowhead, 20 Meter, and Peak Velocity
Beating defenders wide	Dribbling Ability	Zigzag Dribbling and Zigzag
Combination play	Technical Control	Passing and Zigzag
